## SUBMITTAL OF 886 CLUSTER PROJECT IM/IRA - TGH-026-98

This memo verifies submittal of the substantially complete Interim Measure/Interim Remedial Action (IM/IRA) for the 800 Cluster Project.

Under Rating Plan 98-SS07.2R, Kaiser-Hill Company L.L.C was committed to provide a substantially complete IM/IRA to RFFO by March 20, 1998. The attached Final Draft Interim Measure/Interim Remedial Action Plan (three copies) is submitted to satisfy that requirement. This document incorporates comments from Colorado Department of Public Health and Environment and Environmental Protection Agency on the initial draft document submitted January 5, 1998, and is now ready for RFFO, and regulatory review for final comment resolution prior to submittal for public review and comment.

Comments should be submitted to John Whiting, Kaiser-Hill, or Marla Broussard, Rocky Mountain Remediation Services, and would be appreciated by April 1, 1998. If additional copies are required, or you have any questions, please contact John Whiting at extension 7592.
